Date: _____

Dear Voter,

In November of 2007, as a result of a court ruling, the Secretary of State issued an order concerning the distribution of absentee ballot applications for all future elections. Previously, I was able to automatically send an absentee ballot application to all eligible voters. Now, with the new ruling, I can only automatically send an absentee ballot application only to voters for whom I have a form on file requesting applications. Therefore, if you wish to receive an absent ballot application for ALL future elections, please complete the bottom half of this letter and return it to my attention at City Hall. If you do not complete this form and return this form to me, I will not automatically send you and absentee ballot application; you will be required to contact my office before each election to obtain an application.

Sincerely,

Cynthia L. Greenia
City Clerk

I, _____ wish to automatically receive and absentee voter
(Print Name)

application for every election.
